Message from the Chairperson

Dear Parents, Teachers and Boys,

Welcome to the new school year!

I hope that all of you have had a wonderful summer and are coming back refreshed. I would also like to take the opportunity to welcome all the Grade 1 boys and your families as you join our big Diocesan family.

Five years ago when my elder son entered DBSPD as a Grade 1 student, I did not know what to expect and how to play my part in his education at the school. Along with other parents, I went to the PTA annual general meeting out of curiosity. Since then, over the past few years, PTA has become the most important way of how I participate in my two sons' school experience.

Most of our PTA Committee members share similar experiences – while we start volunteering for PTA without knowing what to expect, we leave the PTA with a lot more understanding and gratitude for how DBS and all our teachers are educating our boys.

As I recount our activities in the past year, I am deeply grateful for the commitment and energy from all our Committee members and parent volunteers. Your sacrifices and willingness to serve are reflective of the spirit of DBS, and undoubtedly will leave behind a legacy for your boys to inherit as they grow up.

Below are highlights of our major activities this past year.

Annual General Meeting
More than 200 members attended the AGM this year, voting for the 12 parent members of the PTA for 2013-2014. These 12 parent members, along with the Headteacher, 4 teacher representatives, and the Immediate Past Chairperson made up the 18 members of the committee. We thank all the parents who stood for the voting (it is never an easy experience to give a speech in front of all the parents) and we especially want to thank those who did not make the Committee but continued to support PTA events in a volunteer capacity.

School Garden Fête
One of the largest events of the year, our 59th annual School Fête was held on 10th November 2013. We would like to thank Ms. Paulina Pau, Mr. Freddie Hai and Ms. Sylvia Huang who put in an exceptional effort to coordinate more than 200 parents who helped in this event. From contributing gifts and donations, serving the Fête Lunch, manning the games stalls, to helping with the Headteacher’s stalls, our parent volunteers were critical in making this event a resounding success.

Pre-10K FunD Run
This annual event was attended by a record 550 parents and boys who participated in a fun-filled morning run at the school on 12th January 2014. For many of the parents, this is the first time they get to run up the school drive as well as in the secondary school field. Special thanks to all the parent helpers who assisted in the day’s proceedings.

School Cleaning Day
Our annual School Cleaning Day was held on 23rd January 2014. Thanks go to Dr. Byron Shiu for coordinating this event. 110 parent volunteers also showed up to help. Our boys cleaned their classrooms and their bathrooms, and also listened to the health talk (given by Dr. Byron Shiu on “Infectious Disease: Prevention and Containment”) with a lot of enthusiasm. As with our tradition, we also had an opportunity to thank our school janitors for their hard work.

Family Outing
On 1st May 2014, we went to Kadoorie Farm for our annual
Family Outing, which was our largest event for the year. Over 800 parents, teachers and students (and siblings) participated in this event. Finding a suitable venue and food for this group is perennially a huge logistical challenge. Thanks to Ms. Betty Yim for her Herculean effort in coordinating this massive event – everyone had a great time and the weather was also perfect!

Soccer Days and Soccer Practices
Our soccer coordinator Dr. Peter Lam organized four soccer practices and one Soccer Fun Day for us this year. Our soccer practices involved over 30 parents and 50 kids on average, who got to play on our secondary school field. For the Soccer Family Fun Day on 5th January 2014, over 190 parents and students came for a wonderful day of soccer competition, skills challenge and food!

Parents’ Seminars
Coordinated by Mr. Henry Wong, we held two Parents’ Seminars this year. Our first Seminar was held in December 2013 featuring Mr. Antony Leung Kam Chung, the Chief Executive of Nan Fung Group (and ex-Financial Secretary of Hong Kong), who gave us an insightful talk on the “challenges facing our next generation.” In the talk, he discussed the trends facing our next generation, and how our kids can prepare themselves to better adapt to this challenge. In May 2014, our second Seminar featured Mr. Leung Kin Fung, the assistant concertmaster of the Hong Kong Philharmonic and Mr. Ronnie Cheng, our Headmaster. They discussed the importance of music in the upbringing of our boys, and also the secrets of learning music. Mr. Leung Kin Fung and I also gave a mini-concert, playing a violin and cello duet for the audience of 200 parents and students.

Traffic Sub-Committee
Chaired by Ms. Agnes Ching, our Traffic Sub-Committee helped smooth out our traffic challenges at the school. As you can imagine, every year we face an increasing challenge with more private cars going up and down our drive. Our Traffic Sub-Committee was crucial in smoothing out these issues, and to serve as an intermediary between our school bus operator and our parents. We also managed to keep our school bus fare increase next year to an acceptable minimum.

Lunch Sub-Committee
Chaired by Ms. Annette Tam, our Lunch Sub-committee is made up of parent volunteers who help to monitor and give input to our food caterer. A number of food tasting sessions and kitchen visits were organized throughout the year, as well as a survey taken to provide suggestions on improvements. As one can imagine, getting our kids to appreciate their lunch boxes is a near-impossible task. However, our committee provided very useful input and ensured that our students are eating healthily.

Cultural Activities
Led by Ms. Sharon Lu, we were able to obtain many discounted tickets and priority booking for cultural performances throughout the school year. These included tickets to the Hong Kong Philharmonic Orchestra, the Hong Kong Dance Company and others. We also organized special cultural performances to give our students more exposure to cultural activities.

Grade 6 Graduation Dinner
To celebrate and commemorate the graduation of our Grade 6 boys, a graduation dinner was held on 28th June 2014 at the Holiday Inn. With a wonderful programme of performances, speeches and special gifts, we all experienced an action-packed evening that reminded us the talents and maturity of our boys. A well-organized committee of Grade 6 parents was critical in organizing this evening’s events. As one parent helper told me, it was “more intense than work” for the last few weeks prior to the Grad Dinner. I want to thank all those who helped, as well as those who contributed generously to this event to ensure that we could keep our event affordable to all.

Volunteers’ Tea Party
The final PTA event of the school year was the Volunteers’ Tea Party, where we thanked all those who helped during the year. It always amazes me how many parents are working silently behind the scenes, and our Tea Party was a great occasion to show our thanks and appreciation.

Chairing the PTA has been a real privilege, and has strengthened my belief and devotion to the school. As an old boy and a parent, it is wonderful to play my part in keeping the DBS flame alive. Looking ahead, this is our 145th Anniversary and an important year for the school. We have also set up DBS Foundation, as the platform to sustain our school’s legacy and continue our pursuit of excellence for the next generation. With 145 years of history, our task is to leave behind a school that is better for the boys and parents who will come after us.

I hope that it is with this spirit that we will support and work with each other at DBS. I want to thank our PTA Committee members again for an excellent year, with a special mention to our Executive Committee – Vice-chair Stephan Chang, Treasurer William Chan, and Secretaries Peter Lam and Henry Wong. I would also like to thank Ms. Phyllis Lo and her wonderful team of teachers, Mrs. Emily Yip, Mr. Andrew Kwok, Mr. Sidney Mok and Mr. Anthony Lau for their contributions.

I look forward to another fruitful and productive year.

With gratitude,
Joe Ngai
Chairperson
DBSPTA (PD)
Dear Parents,

The 2013-2014 school year marked the 10th anniversary of DBSPD. The tenth year milestone was a year of achievement. Our young musicians reaped seven top awards in the 66th Hong Kong Schools Music Festival which included the championships for the Symphony Orchestra, String Orchestra, Chinese Orchestra, Junior Choir and Treble Choir Competitions for Primary Schools. Our Treble Choir was awarded the Best Primary School Senior Choir and the Most Outstanding Primary School Choir of the Year in the Hong Kong Region and the Kowloon Region.

Our young sportsmen’s performances were equally impressive in the sports arena. They managed to bring home championship trophies for Swimming A & B Grades, Athletics B & C Grades, Table-Tennis A Grade and Games A Grade. We continued our dominance in the Kowloon-East Area Inter-Schools Competitions and were presented with the Gold Award (Boys Category) for seven consecutive years (2007-2014).

As our special souvenir bookmark designed for the 10th school anniversary suggested, “Someone is sitting in the shade today because someone planted a tree a long time ago.” I hope all our boys can stride into the future with pride and yet be humble of past achievements.

We are grateful for your commitment, support and passion that exemplify the unity of purpose we share. In the new academic year, the PTA will continue to organize a number of events and I look forward to another successful and rewarding school year of 2014-2015!

Phyllis Lo
Headteacher of DBSPD
It is my utmost pleasure to have served as Vice-chairperson for the PTA in the past school year. I like to think that the role of the Vice-chair is, in political parlance, akin to a Chief-of-staff in coordinating various functions. I can share that with the devotion from all of our Committee members, this job is made very easy. Our parent representatives passionately drive the organization of our events and functions, while school representatives from Headteacher Ms. Lo, Assistant Headteacher Mrs. Yip, Mr. Lau, Mr. Mok and Mr. Kwok have all been highly engaged. They are always there at the front line whenever our parents have queries or suggestions. I would also like to take this opportunity to thank the excellent staff in the general office who have helped us with all the details from scheduling, arranging venues, to facilitating all our circular communication.

With my two boys in Grade 4 and Grade 1, along with my involvement in the PTA, I have had the privilege to interact with many of you over this past school year. Thank you for all the enthusiastic volunteer work and active participation in our activities. It might be cliché to state that an objective of the PTA is to facilitate communication and exchange of views among parents, teachers and students. I hope we have largely achieved that objective. I can personally testify that I have made many friends with parents and teachers by being active in the PTA and I trust that I am not alone. At DBS not only do the boys make friends for life, but parents do too.

Stephen Chang
Vice-chairperson
The annual School Garden Fête and Fête Lunch were successfully held on 10th November 2013. It is my second year to have helped organize these big annual events. Two things come to my mind as unforgettable this year! First, I challenged myself to take up the role as organiser of the Primary Division (PD) session. Not only had I worked on Fête Lunch with Grade 1 PTA representative Mr. Freddie Hai and his wife Catherine, who had dedicated a lot regarding the lunch planning and arrangement, I also had to take care of all the preparation and logistics of other important sessions of the School Fête, including but not limited to the games and sales stalls, donation, packaging and distribution of donated items and recruitment of parent helpers too.

Secondly, in the morning of the event day the weather suddenly turned so bad that the School Fête had to be held in two separate areas. PD game stalls had to be relocated to the covered playground instead of the school field as planned. I had to work with the teacher-in-charge immediately to guide parent helpers to execute a contingency plan in less than one hour before the Fête started. Technical issues arose regarding the setup of booths and we had to resolve the problems one by one. My special thanks to PTA Committee member Dr. Peter Lam who volunteered to coordinate with parent helpers and provided on-site support, while I was busy dashing between PD and SD stalls to ensure the smooth running of things.

I was really amazed by the heartfelt and holistic support from over two hundred parent volunteers. In particular, I was so touched by the positive response of the parents, who sacrificed their precious time playing with their boys to help out. We all sweated out during the day but I saw lots of happy faces around me.

I would like to express my wholehearted thanks to Ms. Sylvia Huang who has organized the annual School Fête for the past years and has become an expert. Her great support, valuable advice and experience sharing have helped me a lot to overcome many hiccups and difficulties throughout the preparation stage.

Without the support from Ms. Lo, Mrs. Yip, all the teachers, PTA, parents and my family, the annual DBS Garden Fête and Fête Lunch definitely could not have been a success! I look forward to becoming a PTA Committee member again in 2014-15 and shall continue to contribute again throughout the year!

Paulina Pau
Convenor of Social Activities
Organiser of School Garden Fête DBSPD
As a new-comer to the DBSPD family, I entered the School PTA with as much thrill and eagerness as my son entered Grade 1. Until twelve months ago, primary school life had been a distant memory to me with little recollection on the parents' part, let alone the teachers' part. Such faint innocent impression quickly turned into real job duties as I took my beginner's course in the School, in very much the same way as my son went through his. My new PTA role as Grade 1 parent representative allowed me to look at the School from a whole new perspective. It is a very well-oiled machinery. Efficiency, thoughtfulness and dedication are the three words I would use to describe DBSPD and the PTA. I am enormously grateful for being able to see from behind the scene how the School works. And I thank all the parents who have put their confidence in me to serve them.

Through the events organised by the PTA in this very special year, one that marks the 10th anniversary of DBSPD, I wish all parents, especially the Grade-oners, have found this year a very memorable one, in good times and in tough times, as we shared many moments of laughter as well as caring support to each other in this new DBSPD family of ours.

Freddie Hai
Organiser of Garden Fête Lunch, Communications and Newsletter
Having served in the PTA for the fourth consecutive year, my wonderful journey has continued. I am honoured to have served as the Secretary this year and contributed in various school activities including the School Garden Fete, Open House, School Cleaning Day, Tree Planting Day, Parent Seminars and Soccer Fun Days. My wholehearted thanks go to PTA colleagues, as their dedication and team work is both gratifying and impressive.

Since the PTA Soccer Team was established in Feb 2012, a series of Soccer Fun Days and friendly matches have been organised. In the past school year, we conducted four Soccer Fun Days in DBS school field, which were well attended by 30 families each time. Our biggest event, the Soccer Family Fun Day, was successfully held on 5th Jan 2014 with more than 200 participants. Both the kids and parents enjoyed the games and matches, food and drinks including the newly introduced popcorns and candy floss, as well as the medals and gifts. For the adult team, we played in four friendly matches. Our achievement was not only in the provision of fun-filled soccer activities for members, but family outings on Sunday afternoons and a platform for friendship building among kids, parents, teachers and coaches. Also, we collaborated closely with the School and supported our school team development.

Through the PTA, we aim to bring the best of the best to our boys. With my deepest gratitude to our dedicated parents and teachers, as nothing can be done without your support, let’s wish the continued success of our beloved School and HAPPY ANNIVERSARY!

Peter Lam
Secretary
Organiser of Soccer Days
The past year was a wonderful journey for me and my sons. I am honoured to have been the Treasurer of the PTA. With the unfailing support from other Committee members, I managed to keep a healthy financial status of the PTA.

I am also delighted to have had the chance to be involved in various school and PTA activities. One of the most participated events was the Pre-10k FunD Run held on the 12th January 2014. Cheers echoed all over the school field. The up-sloping part of the race was the most challenging to both the big and small runners. However, their perseverance was impressive and they achieved good times in the race.

I have been serving in the Committee for three years and the PTA is busy as before. Various activities have been organised for the students and families. As always, these are good platforms for parents in making new friends, inviting insights for the School and developing momentum to move forward.

With the introduction of new Committee members, more innovative ideas have sprouted up which ground our future work, and I am sure our boys will outdo our expectations through the continuing support of parents and the School.

William Chan
Treasurer
Organiser of Pre-10K FunD Run
We held the School Cleaning Day on 23rd January 2014. It was a great opportunity for the boys to participate in serving the school. We recruited over 110 parent volunteers as judges and photographers on that day.

Under the supervision of the class teachers, janitors and parent volunteers, boys were given mops and cloth to clean their own classrooms and the outside corridor. Some of the G5 boys went to clean the toilets.

After the cleaning work, boys expressed their gratitude to our 14 school janitors by presenting gifts to them.

I gave the boys a 20-minute health talk about a healthy lifestyle. I was so delighted that the audience was impressed by the information on healthy diet, exercise, smoking and drug abuse. I hope the talk could have a positive impact on the boys to sustain a lifelong healthy lifestyle.

I am grateful to the School and the parent volunteers for their support and participation. Looking forward to seeing you all next year.

Byron Shiu
Convenor of Social Activities
Family Outing is a big and memorable event for the DBSPTA (PD) every year. As in the last few years with no exception it was held on 1st May 2014. Blessed by God’s grace, we had cloudy breezy weather but nonetheless a very nice day, even though a thunderstorm warning had been issued by the Observatory the night before.

This year, we chose to visit the famous Kadoorie Farm and Botanic Garden (KFBG) in the morning. It may not have been many students’ first visit to KFBG, however, it would be their first time visiting with classmates and teachers together. KFBG is a conservation and education centre which provides various educational displays on sustainable living. Kids were excited to see the owls, wild boars, reptiles, monkeys, eagles, deer and other wild lives. Through this outing event we hope they have gained some knowledge of our nature and had some fun.

Following the visit to KFBG was an afternoon buffet lunch at Regal Airport Hotel. We also enjoyed the brilliant magic show during buffet. Laugh and applause filled up the ballroom of the hotel.

The Family Outing was an amazing day of fun and fellowship for all students, parents and teachers, totalling a phenomenal 777 people! One can imagine the effort spent in coordinating the logistics of such a group. It was beyond words could describe.

I would like to send my gratitude to all the parents and teachers. Without your support and enthusiasm, it would not have been a successful and enjoyable PTA Family Outing!

Betty Yim
Organiser of PTA Family Outing
It has been a pleasure serving on the PTA Committee for the past 3 years. As I serve as the Secretary for the first time this year, a few elements have immediately become even more obvious: the breadth of coverage of the PTA activities, as well as the depth of each Committee member’s commitment to serve the families of DBSPD.

Why this sudden illumination? The PTA Committee meets six times a year, the Secretary writes the minutes, and between digesting the enormity of each Committee member’s responsibilities and finding the right words to succinctly capture what was discussed and reported, I am just blown away by the dedication and persistence of each and every member.

Words cannot capture the mad dash to meet logistic deadlines for the School Garden Fête, and the before-and-after inventory organisation, this being the first major activity so early in the school year, and so close to the first term assessments.

Then, there are the unspeakable chores from complying contact lists for 900 parents, to handle registrations and banking and follow up misspelled cheques and errant credit card details for Parents’ Seminars, Pre-10K FunD Run and the annual Family Outing.

What about the jubilant anticipation of a perfectly coordinated Soccer Day, and the frustration of having to postpone and reorganise the event due to adverse weather condition? Don’t forget the countless meetings, discussions, follow up on bus routes issues. And then, there is the behind-the-scenes data compilation and statistics generation after the lunch visits and tasting for follow up. How about considering the stamina to give a talk to 900 boys at the end of a laborious morning, having already spent yourself supervising the cleaning of the classrooms and toilets?

Each Committee member has worked so willingly and professionally to serve the DBSPD family. As I penned every word recording our efforts during the school year, I can’t help admire my fellow Committee members and think about the laughter and fond memories which are theirs to cherish, as well as the satisfaction and pride they feel, having contributed to the community which figures so prominently in their boys’ growth.

As I conclude this year of service, I am indebted to Dr. Tony Tsui, the PTA ex-Chairperson, for his guidance. I am also grateful to the Committee members, our Chairperson and Vice-chairpersons for entrusting me with this duty.
The PTA organised two Parents’ Seminars during the academic year. The first seminar was held on 7th December 2013. We invited Mr. Antony Leung Kam Chung to address the “Challenges and Opportunities for the Next Generation”. The speaker drew from his public services, professional and personal experiences to share valuable insights with the parents. A substantial number of parents continued to engage with him well beyond the Q&A time. The seminar was very well received. There were over 200 parents who registered for the event.

The second seminar – “Music Excellence and Learning, and Why Music Fits in Perfectly for DBS Boys” – was held on 17 May 2014. We invited three speakers to share their unique perspectives on this topic, including Mr. Leung Kin Fung, the assistant concertmaster of the Hong Kong Philharmonic, Mr. Ronnie Cheng, our current Headmaster, and Mr. Joe Ngai, Chairperson of PTA. Mr. Leung shared his experience from the angles of an accomplished violinist, a violin teacher and his time as a violin student. Headmaster Ronnie Cheng offered insights from his long years cultivating musical talents at DBS. Mr. Leung and Mr. Ngai also performed violin-cello duets for the audience. The seminar was yet another enthusiastically attended and engaging event. A total of 280 parents (and 157 children) registered for the seminar.

I would like to express gratitude to the PTA Committee members who act as a brilliant team to make these seminars such a success. I would also like to thank Mrs. Emily Yip, Mr. Andrew P. Kwok, and Mr. William Chu for their tremendous behind-the-scene support.

Henry Wong
Secretary
Convenor of Academic and Educational Affairs

---

Lunch Sub-committee

Last year has been a very fruitful year for the DBSPD Lunch Sub-committee because our school had granted a contract to a new lunch caterer: Chartwell, a member of Compass Group. Compass Group is a UK listed company which is currently providing catering services for many international schools in HK. It has been awarded the contract for 24 months starting from August 2014. Chartwell is committed to providing MSG-free and healthy choices with on-site cooking to ensure the taste and nutrients of our food. I am very excited that our boys can have nutritious and tasty food!

Apart from the above, we organised lunch tasting and kitchen visits for over a hundred parents. Most of them were satisfied with our kitchen hygiene and arrangements.

I am very happy to have accepted our School’s invitation to teach over three hundred DBSPD boys about the Science of Food. During their IBL week, Grade 1 and Grade 2 boys were asked to research on food. As a nutritionist, I understand fully the importance of instilling the right eating habit from childhood. Every boy was very eager to learn the interesting facts and the crucial relationship between food and health. We had a terrific learning experience together.

I am hoping to continuously contribute to our School.

Annette Tam
Convenor of Lunch Sub-committee
Since its establishment in 2005, the PTA has worked very closely with the School to create an environment in which our boys not only can excel in their abilities, but also mature in their characters. It is with this in mind that the PTA has developed a wide array of cultural programmes:

To facilitate: The PTA has established good relationships with major cultural groups in Hong Kong to select performances on a regular basis, often with good discounts, for our families. Our collaborators have included the HK Philharmonic, HK Repertory Theatre, Le French May, Opera Hong Kong, and the HK Arts Festival. Usually, over 1,000 tickets are arranged through the PTA per year.

To interact: Master-classes, workshops, and short performances are arranged on campus during school hours for our boys. These activities provide our students with the opportunity for face-to-face interaction with artists in a more intimate setting. Some of our past events have included: a visit by Huqin master Wong On-yuen, an interactive English drama Sherlock Holmes, performances by the Hong Kong Chinese Orchestra, and a ballet demonstration session The Life of a Ballet Prince.

To immerse: In addition to their art/music lessons, competitions, and daily practices, our boys can also benefit from having exposure to a diverse range of cultural/learning experiences. Over the years, the PTA has organized a variety of activities for the boys, such as art exhibitions, book fairs, field trips, etc. We hope these activities will make their lives at DBSPD more colourful and memorable.

This is my sixth and final year serving at the PTA (Primary Division). I am extremely grateful for the opportunity – it has truly been a remarkable journey. Not many primary schools have the resources and the flexibility to organize multiple arts and cultural activities outside of the regular curriculum. The unfailing support from Ms. Lo, Mrs. Yip, and all the teachers at DBSPD is the key. Their commitment and dedication have inspired us all. Our heartfelt thanks also go to all the parent helpers. It is our common mission to plant little seeds of arts and culture. We hope that these seeds will cultivate creativity, stimulate minds, develop appreciative hearts, and someday inspire our boys to understand who they are.

Sharon Lu
Convenor of Cultural Affairs

Nov 2013, Richard Wagner’s Symphonic “Ring Cycle” led by the legendary conductor Lorin Maazel, who has died recently at age 84
When I was one of the Traffic Sub-committee members in 2012, I witnessed our senior PTA Committee members spending a lot of time and effort on the challenging school bus issues. Being a school bus service subscriber as well as a car driver myself, school traffic issues are of particular concern to me. It is my great pleasure to have been the Convenor of the Traffic Sub-committee last year.

Poon’s returned to be our service provider last year. They provided a total of 23 school bus routes to serve more than 500 DBSPD students. The main responsibility of the Traffic Sub-committee is to assist and supervise our school bus operator in keeping the standards of service to a satisfactory level. Throughout the year we worked closely with Poon’s through regular traffic meetings and daily touch-base contacts. At times, we would urge actions from Poon’s in response to our parents’ concerns and complaints. For example, a questionnaire on the arrangement of route 23 was conducted upon parents’ request.

With the cooperation from Poon’s, we have tried our best to accomplish improvement on both the school bus schedule and services. In the new school year, Poon’s has agreed to allocate 3 additional school buses to serve our students in 26 routes. Hopefully the school bus services will be even more efficient. Regarding school bus services after extracurricular activities, an extra station at Mei Foo will be added; we hope that more students can benefit from this shuttle service.

On the issue of traffic within campus, the problems of congestion and illegal parking during pickup time are still very challenging. The School has to set strict rules to regulate the traffic. We solemnly seek our parents’ cooperation and understanding to help achieve efficiency and safety in supervising the school traffic.

I would like to thank our Headteacher Ms. Lo, who has allocated her valuable time to join all our traffic meetings. My heartfelt thanks also goes to Mr. Lau and Mr. Stephen Chang as my mentors for their precious advice. I am very thankful for the commitment demonstrated by all the parent helpers who attended our traffic meetings and gave opinions or passed complaints to us. I look forward to your continuing support to the PTA and the Traffic Sub-committee.
